ACTION REQUIRED	Advise re Travel Lists	
REFERENCE(S)	OSMA 8990, 22 September 1959	

In reply to paragraph 7 of Reference, unfortunately the travel lists up to and including 18 September were checked and returned to our source prior to the receipt of this Reference. We cannot ask for the return of the lists as our source, after we see them, puts them in the regular channels to circulate to other government agencies. To recall them would cast too much suspicion on our source. However, we can go to our source, give him the name VASKIS, and ask him to check his card file for more information. If this meets with your approval, please instruct.
